

Musica Sacra Foundation
COVID-19 Protocols – Mask Procedures
ADOPTED: July 23, 2022

These procedures were initially adopted on July 23, 2022, and will remain in effect (do not expire) until amended or rescinded by vote of the Board of Directors.

Musica Sacra's mask procedures are informed by guidance provided by the Centers for Disease Control (CDC), as well mask requirements imposed by our rehearsal and performance venues.

CDC: The CDC provides an online "COVID by County" portal with the current "Community Level" risk assessment for every county in the country. "Community Level" is determined by looking at hospital beds being used, hospital admissions, and the total number of new COVID-19 cases in each county.

Subject to change, current CDC mask guidance is as follows:

- LOW / Green = Wear a mask based on your personal preference, informed by your personal level of risk
- MEDIUM / Yellow = If you are at high risk for severe illness, talk to your healthcare provider about whether you need to wear a mask and take other precautions
- HIGH / Red = Wear a mask indoors in public

Musica Sacra: When "Community Levels" are improving (High to Medium, or Medium to Low), the higher level protocols will remain in effect for at least two (2) consecutive weeks before changing to the lower level protocols. If "Community Level" worsens (Low to Medium, Medium to High), the higher level protocols will be implemented immediately. At all times participants may wear a mask if they are more comfortable doing so.

Subject to change, current Musica Sacra mask procedures are as follows:

- LOW / Green = Masks not required, unless required by the venue
- MEDIUM / Yellow = Masks recommended, but not required unless masks required by the venue
- HIGH / Red = Masks will be required at all times when indoors, regardless of venue requirement
